SAMSUNG

20", 21.5", 23", 24" Widescreen LCD Monitors

Features:

- 70,000:1 dynamic contrast ratio for vivid range and clear quality of multimedia contents (50,000:1 on B2030)
- HDMI connectivity on B2330H and B2430H
- Full HD 1920 x 1080 resolution (1600 x 900 on B2030)
- MagicEco feature allows you to work at 100%, 75% or 50% brightness, to reduce energy usage
- Low power consumption technology reduces energy use
- MagicReturn feature automatically displays dual-monitor content on a single monitor when one monitor is powered off
- VESA wall mount can be mounted on a wall or mounted on a stand (stand included)

B2430H

For those for whom ordinary is not an option, we created Samsung 30 series widescreen LCD monitors. Five models ranging from 20" to 24" each feature a rich, glossy black finish accented by an elegant clear acrylic bar along the bottom bezel. Inside, leading-edge technology results in picture quality second to none, with 70,000:1 dynamic contrast ratio (50,000:1 on B2030), full HD 1920 x 1080 resolution (1600 x 900 on B2030), and HDMI connectivity on the B2330H and B2430H. And MagicReturn automatically displays dual-monitor content on a single monitor when one monitor is powered off. The extraordinary Samsung 30 series monitors.

B2430H

20", 21.5", 23", 24" Widescreen LCD Monitors

Features

Elegant Styling

Samsung 30 series monitors feature rich, glossy black finishes accented by clear, crystal-like acrylic along the lower bezel. They're tasteful, elegant alternatives to the same old thing.

Full HD Resolution and HDMI

Enjoy the highest resolution with 1920 x 1080 (1600 x 900 on B2030). HDMI connectivity on B2330H and B2430H allows you to connect your Blu-ray player or HD gaming device.

16:9 Widescreen

The 16:9 widescreens give you more room for applications, palettes and widgets, and they're the proper ratio for movies and gaming without black bars.

High Dynamic Contrast Ratio

Up to 70,000:1 dynamic contrast ratio provides detailed whites and blacks, along with more subtle color transitions.

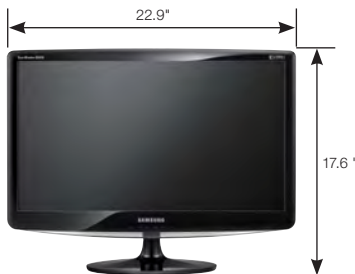

Eco-Friendly

MagicEco allows you to work at 100%, 75% or 50% brightness, to reduce energy usage. Low power consumption technology reduces energy use and energy bills even further.

MagicReturn Technology

Samsung's MagicReturn feature makes your life easier by automatically managing your dual-monitor content. When you turn off one monitor to save energy, all content is automatically shifted to the monitor that remains on.
